

# Living in Residence

## 6. Living in a student Residence

If you are an older student who is looking for more independence and freedom, living in a student residence may be a better choice for you.

Kings Colleges offers a range of student residences. They all provide comfortable, good quality accommodation where you can live with fellow students, enjoying great times together.

Many feature en suite bathrooms for maximum privacy as well as social areas where you can watch TV, play indoor games and generally "kick back" with your friends.

Some feature kitchens so that you can cook for yourself. Others include meals on a half board basis to make things as simple as possible for you. It's your choice.

Our student residences are generally available for all students over 18 years old. There is also a selection of residences suitable for students aged 16 and over. We can advise you on the most suitable residence for your needs. All our student residences are within easy walking distance, or a short bus ride, from College.
